B. The Clery Act Requirements

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, more commonly known as the Clery Act, requires colleges and universities to:

- publish an annual report every year by October 1 that contains three years of campus crime and fire safety statistics and certain campus security policy statements;
- disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other Center officials who have “significant responsibility for student and campus activities”;
- provide “timely warning” notices of those crimes that have occurred and pose an ongoing “threat to students and employees”;
- implement emergency notification procedures if there is an immediate threat to the health or safety of students or employees on campus;
- disclose in a public crime log “any crime that occurred on campus . . . or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department”; and
- maintain in a public fire log a record of any fire that occurred in an on-campus student housing facility.

C. Introduction to the Clery Act Policies and Procedures

Tennessee College of Applied Technology- Murfreesboro (TCAT-M) is committed to disseminating relevant and pertinent information regarding reported criminal activities in a reasonable manner to its community and to interested parties. To that end, TCAT-M is implementing and maintaining policies and procedures in compliance with the reporting requirements of the Clery Act and the Higher Education Opportunity Act (HEOA), two pieces of federal legislation that provide guidance in disseminating certain types of information to campus communities and to the general public. Because the Clery Act and the HEOA encompass several areas of campus responsibility, TCAT-M utilizes its administrative staff to issue information that pertains to the criminal reporting requirements and policies of these two federal laws.

D. Policies for Preparing the Annual Disclosure of Crime Statistics

Crime statistics which are provided in this institution's Annual Security Report are based upon incidents reported by local police agencies. This institution shall annually report statistics for the three most recent calendar years concerning the occurrence on campus, in or on non-campus buildings or property, and on public property (as those terms are defined and interpreted for purposes of the Clery Act) for occurrences of murder, manslaughter, sexual assault (forcible

and non-forcible), robbery, arson, aggravated assault, burglary, and motor vehicle theft; statistics on arrests for violations of liquor or drug abuse as well as weapons possession violations; disciplinary referrals for liquor, drug and weapons violations; and statistics on Hate Crimes that are reported to local police agencies.

TCAT-M administration will make the determination as to whether a reportable offense has occurred. These reports will be compiled to prepare the annual Campus Crime and Security Survey for submission to the United State Department of Education, Office of Postsecondary Education.

This report will be made available to the public by October 1st of each year. This report will be posted to the TCAT-M website for viewing at: <http://www.tcatmurfreesboro.edu>.

Simultaneously while referring students to appropriate law enforcement authorities, the affected student will be referred to the Mobile Crisis Line (1.800.681.7444) staffed by The Guidance Center. Students and employees with health issues are referred to the local health department, urgent care clinics, area doctor's offices or area emergency rooms. For victim advocacy and/or legal assistance, students and employees are referred to the district attorney's office. The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice. The proceeding will provide a prompt, fair and impartial investigation and resolution and be conducted by officials who receive annual training on the issues related to domestic violence, dating violence, sexual assault and stalking and training on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Both the accuser and the accused will be simultaneously informed in writing of the outcome of any institutional disciplinary proceeding that is brought alleging a sexual assault, domestic violence, dating violence or stalking; the institution's procedures for the accused and victim to appeal the results of the disciplinary proceeding; of any change to the results that occurs prior to the time that such results become final and when such results become final. For the purpose of this paragraph, the outcome of a disciplinary proceeding means only the institution's final determination with respect to the alleged sex offense and any sanction that is imposed against the accused.

College officials will change a student's academic situation after an alleged sex offense if those changes are requested by the victim and are reasonably available, regardless of whether the victim is guilty or not.

TCAT-M policy statement regarding students or employees with criminal records:

TCAT-M does not collect information on criminal records on applications for admission of students to the College. The application for employment of all employees except faculty requires that the applicant state whether he/she has been convicted of a misdemeanor or a felony. Only certain employees have to have a background check for employment. Acknowledged conviction of any crime results in an evaluation of the applicant's fitness for employment in consultation with legal staff. TCAT-M requires that employees notify the institution of any drug convictions resulting from a violation in the workplace no later than five days after the conviction.

Current College students convicted of a violation of a law or ordinance off-campus, whose violation also adversely affects the College's pursuit of its educational objectives, will become

subject to judicial sanction by the Administration. Students committing a crime on-campus are subject to arrest and prosecution, and are subject to judicial sanction by the Administration.

B. Timely Warnings and Emergency Notifications

Policies for making timely warning reports to members of the campus community regarding the occurrence of Clery Act crimes:

An Immediate Notification or a Timely Warning will be distributed campus wide by when it could be reasonably believed that a reported violent crime may endanger additional campus citizens, i.e., employees, students and guests.

Internal Emergency Procedures

TCAT-M is committed to notifying persons regarding significant types of threatening events or situations that may occur on or near its campus properties. TCAT-M defines *emergency notification* as the attempt to properly and to immediately notify affected persons of events, incidents, or situations that potentially threaten or endanger lives or significant property, and in such cases that the information contained within the notification may substantially reduce the likelihood of individuals or groups being victimized. “Properly” is defined as the reasonable issuance of information given the capabilities of the College and its notification systems. “Immediately” is defined as the release of information as soon as verifiable or credible information can be reasonably received, understood, formatted and delivered via useable mass notification systems. This definition takes into account the fact that everything cannot happen at once: information must be received by decision-makers, a determination must be made that the information should be released, the material must be put together in an understandable manner, and the information must be released and received by viable stakeholders. “Affected persons” includes members of the campus community (i.e., TCAT-M employees and TCAT-M students) and visitors while on the TCAT-M campus. For this designation, members of the TCAT-M campus community include any currently employed TCAT-M employee and any currently enrolled TCAT-M student.

It is the intent of TCAT-M to immediately notify all members of its community of incidents and situations on or near TCAT-M campus property that have the potential to immediately threaten or endanger lives or that threaten severe bodily injury or extensive loss of property. These incidents and situations will typically be characterized as: on-going in nature in that they continue to pose a real or likely threat; they may be mitigated by the quick release of information to the campus community; or the release of information regarding the possible threats in a more immediate fashion may significantly reduce the chances of individuals or groups becoming victims.

It is the intent of TCAT-M to make timely warnings to all members of its community of incidents and situations that pose a potential on-going threat or risk in which the threat or risk is not likely to require immediate notification in order to greatly reduce the victimization risk to individuals or groups.

Notification for those previously described incidents that pose a grave and immediate threat to people and/or property will be made using any number of notification systems currently employed by Tennessee College of Applied Technology- Murfreesboro. Currently, the notification systems utilized by TCAT-M include: e-mail, text messages, phone calls, fire alarm notification systems only to specified emergency personnel, web pages, social media, and a voice mail box.

TCAT-M utilizes a private vendor (High Ground Solutions, Inc.) to send emergency notifications to all TCAT-M employees and TCAT-M students via their School Cast accounts. These accounts are established/maintained by College “bulk uploading” of information periodically from the College’s BANNER system. BANNER is a database system that maintains information regarding each employee and each student at TCAT-M. The student RAVE accounts may be utilized in sending each TCAT-M employee and each TCAT-M student an e-mail in the event the campus community is notified of a situation or an event. TCAT-M employees and TCAT-M students may personalize their School Cast accounts in order to personally and individually choose their own most appropriate notification methods. TCAT-M employees and TCAT-M students cannot opt out of receiving e-mails via their RAVE accounts, but they can choose whether to receive text messages and/or voice alerts (phone calls); they can also add additional phone numbers and e-mail addresses for notification purposes.

The decision to immediately notify the TCAT-M campus community will be made on a case-by-case basis by either the Director of the College (or his designee), These decision-makers may also determine that a particular building or structure on campus, an area of TCAT-M campus, the entire TCAT-M campus, or other TCAT-M property should be immediately evacuated in order to create or maintain a safer situation for persons inhabiting those areas. In these instances, the aforementioned authorities may require evacuated persons to temporarily refrain from remaining or entering specified areas of campus or TCAT-M property for safety purposes. In those cases, TCAT-M employees, TCAT-M students and visitors may be informed as to how to leave TCAT-M campus or TCAT-M property. They may also be informed as to where they should assemble or disperse.

In making the decision about whether or not to activate emergency notification systems or to order an evacuation of TCAT-M campus and/or property, a decision-maker should consider:

- Does the event pose a significant or likely threat to the general campus community?
- Is the threat from the event likely to still exist?
- Is there evidence that the threat has subsided or moved away thereby no longer posing a danger or a hazard?
- Has there been a significant amount of time transpired from the time of the incident to the present that would reasonably lead one to presume that the threat or the danger is no longer in the area?
- Will notification about the incident provide persons with knowledge that, if utilized, would likely reduce or reasonably eliminate the possibility that they would be victimized by the threat?

Each situation requires that decisions regarding the public’s safety be measured and determined on a case-by-case basis.

A statement regarding the institution's emergency response and evacuation procedures:

The procedures the institution will use to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus:

The methods of communication include network emails, emergency text messages that can be sent to a phone or PDA, and audio announcements made via automated phone calls (called "Voice Alerts"). Members of the campus community are automatically entered into the TCAT-M Emergency Notification System during student orientation, employee new hire procedure, and by complying with volunteer contact information uploads to TCAT-M emergency information data base which is maintained by a private company, High Ground Solutions, Inc. All campus community members' e-mail addresses and other personal contact information are uploaded into the system, so that they will automatically receive emergency notification messages via e-mail and any other method of contact they have supplied to the system.

A description of the process the institution will use to:

- **Confirm that there is a significant emergency or dangerous situations as described above;**
- **Determine the appropriate segment or segments of the campus community to receive a notification;**
- **Determine the content of the notification;**
- **Initiate the notification system.**

TCAT-M typically receives information from individuals and various offices/departments on campus regarding suspicious activity and criminal incidents. If TCAT-M confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the TCAT-M Community, and TCAT-M administration will collaborate to determine the content of an emergency notification message and will use some or all of the systems described below to communicate the threat to the TCAT-M Community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

A statement that the institution will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

TCAT-M administration, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: TCAT-M, Murfreesboro Police, Rutherford County Sheriff's Office and/or the Murfreesboro Fire and Emergency Medical Services), compromise the efforts to assist a victim, to conduct an adequate and competent criminal investigation or to contain, respond to, or otherwise mitigate the emergency.

A list of the titles of the person or persons; or, organization or organizations responsible for carrying out the actions described above:

TCAT-M Administration list is located in section: **Campus Security Authorities**

The institution's procedures for disseminating emergency information to the larger community:

TCAT-M Administration will work with Tennessee Board of Regents who may notify local news agencies to distribute press releases, as they are made available, concerning critical incidents.

Local Agency Cooperation

The TCAT-M Administration has met with the Murfreesboro Police Department requesting their cooperation in informing the institution about situations reported to them that may warrant an emergency response.

The institution's procedures to test the emergency response and evacuation procedures on at least an annual basis, including:

Emergency Evacuation Procedures

In an effort to better prepare for emergencies TCAT-M faculty and staff participate in two fire drills each year. Two fire drills are conducted unannounced each year. The purpose of these drills is to prepare building occupants for an organized evacuation in case of fire or other emergencies.

Tornado drills are also done at least once annually. These drills are typically announced with one drill simulating an actual warning requiring students, faculty, and staff to take shelter in their designated "safe place".

TCAT-M has also implemented a series of training sessions to discuss "active shooter" situations on campus. These sessions discuss the police response to active shooter, sheltering in place, and the survival mindset needed in this type of encounter.

Policies on responding to specific emergency situations on campus:

Fires or Fire Alarms: Persons should activate the building alarm system upon detecting a fire or visible smoke and immediately evacuate the building. Persons should REPORT ALL FIRES, regardless of size (even if extinguished); smoke; or fire alarms on campus to the Fire Department by dialing 911. *Be prepared to state your location.*

Reporting Crimes and Other Emergencies on Campus

A. Report All Crimes Administration

Policies which encourage accurate and prompt reporting of all crimes to administration and the appropriate law enforcement agencies:

In addition to all faculty, staff, students, general visitors, and all guests of the College are urged to report crime and suspicious activity to TCAT-M as soon as possible. This allows law enforcement officers and/or the appropriate personnel to respond and assist. All emergency calls for fire, medical, or police assistance should be made by dialing 911.

TCAT-M personnel respond to all calls for assistance that involve potential criminal incidents, medical injuries or other emergencies that occur on TCAT-M’s campus. Occasionally complainants may be referred to other TCAT-M Departments or to agencies outside TCAT-M for appropriate assistance or guidance depending on the particular incident. TCAT-M personnel will also contact other agencies, such as the Rutherford County Emergency Medical Services or

the Murfreesboro Fire Department, to assist with ongoing or reported incidents that require additional resources, expertise, or specialized assistance.

B. Anonymous Reporting

This statement must also disclose whether the institution has any institutional policies or procedures that allow victims or witnesses to report crimes on a voluntary, confidential basis for inclusion in the annual security report:

TCAT-M encourages anyone who is the victim or witness to any crime to promptly report the incident to the TCAT-M administration and/or police. Because police reports are public records under state law, cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to TCAT-M administration.

Campus Security Authorities

A list of titles of each person or organization to whom students and employees should report criminal offenses described in the law for the purpose of making timely warning reports and the annual statistical disclosure.

To report a crime:

Contact TCAT-M Administration (President, or Presidents duly appointed representative) (non-emergencies), dial 9-1-1- (emergencies only), or by using any campus telephones and dialing 911. Any suspicious activity or person seen in the parking lots or loitering around vehicles, inside buildings or around any structure located on campus property should be reported to the TCAT-M administration. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other TCAT-M administration authorities as identified below. Administration Authorities are:

- Individuals having responsibility for campus security, who are not members of any local law enforcement department, such as those responsible for monitoring the access to College facilities or property.
- All employees who work in a position where they control or monitor access to some part of campus.
- Any person specified in campus security policy as one to which student and employees should report criminal offenses.
- All College officials who have significant responsibility for student and campus activities.

Campus Security Authorities:

Administration to contact in case of an emergency:

President:	Dr. Carol Puryear	Ext. 112
Vice President:	Echell Eady	Ext. 116
Student Services:	Cindy Beverley	Ext. 132
Plant Operations	Jeremy McCloud	Ext. 122
Coordinator Workforce Development /Evening Programs	Kent Scoles	Ext. 113
First Responder:	Trudy Kettenbach	Ext. 151

Students may report incidents to the Campus Security Authorities listed above. Incidents reported to these organizations or individuals will be included in Clery Statistics, even if no criminal action can be taken.

C. Professional Counselors

A description of procedures, if any, that encourage pastoral counselors and professional counselors, if and when they deem it appropriate to inform the person they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics:

Crimes disclosed to a mental health counselor, serving in that capacity at the time of disclosure, are not subject to mandatory reporting. The term "mental health counselor" is defined as a fully qualified and/or licensed professional whose official responsibilities include providing mental health counseling to members of the College's community and is functioning within the scope of his/her license or certification.

This exemption does not relieve counselors of the duty to exercise reasonable care to protect a foreseeable victim from danger posed by the person being counseled. When speaking to a victim or witness to a crime, counselors are encouraged to inform the individual of voluntary disclosure procedures.

Security Of and Access to Campus Facilities

A. Security of and access to campus facilities:

The campus and facilities of the College are restricted to students, faculty, staff, guests, and invitees of the College, except when part or all of the campus, buildings, or facilities, are open to the general public for an approved and designated time and purpose. All persons on the campus of the College, including faculty, staff, guests, and invitees, shall be subject to all rules and regulations of the College and the Tennessee Board of Regents which are applicable to the conduct of students on campus, and to all applicable federal and state laws and regulations. For security reasons, not all TCAT-M buildings are open to the public. The campus and facilities of TCAT-M are governed by the Tennessee Board of Regents (Policy No. 3:02:02:00). Furthermore, most buildings open to the public are closed and locked after regular business hours.

All persons on the campus of the College shall provide adequate identification upon request to appropriate officials of the College. All students, faculty and staff are issued an TCAT-M Identification Card and are required to carry it while on campus. Personnel and students of the College who refuse to provide such identification may be subject to disciplinary action; other persons who refuse to provide such identification shall be requested to leave campus, and if they refuse, may be subject to lawful removal and prosecution.

Security considerations used in the maintenance of campus facilities:

Personnel report all hazardous or unsafe campus conditions found to exist. These conditions may include overgrown trees or landscaping and a lack of outdoor lighting or inoperable lights. These reports are documented on a Maintenance Request form which is reviewed by the College's director to ensure expeditious corrective measures are taken. Maintenance Request forms are located at the main lobby information/receptionist desk.

Safety inspections will be conducted on a monthly basis in all departments according to an announced schedule. Maintenance inspections will be conducted by Center plant operations personnel during reasonable hours.

In Plant Operations, the Maintenance Request form is processed and coordinated by the Plant Operations staff. They strive to ensure that all buildings and structures are properly maintained to meet fire, safety, health and other required codes and regulations. This includes providing climate controlled, clean, properly supplied facilities, so that faculty, staff and students have comfortable surroundings in which to live, work, and receive training and education. They also serve as a communication link and liaison between facilities services employees and the campus community.

Sexual Assault Offenses

A. Procedures students should follow if a sex offense occurs, including:

- **Procedures concerning who should be contacted:**
- **The importance of preserving evidence for the proof of a criminal offense:**
- **To whom the alleged offense should be reported:**

Any student who has experienced sexual assault or attempted assault is well aware of the trauma associated with such an act. Sexual assault can range from stranger rape to being emotionally coerced for sex by someone the victim knows. Statistics estimate that approximately one in every four women will be a victim of date or acquaintance rape during her college career. Students should be aware that any sexual intercourse without the consent of their partner is rape. Furthermore, sexual intercourse with a partner who is unconscious or unable to consent for any reason is rape.

IF YOU ARE RAPED OR SEXUALLY ASSAULTED:

- **Get to a safe place as soon as you can.**
- **Try to preserve all physical evidence.** Do not wash, use the toilet, or change clothing if you can avoid it. If you do change clothes, put all clothing you were wearing at the time of the attack in a paper, not plastic, bag.
- **Get medical attention** as soon as possible to make sure you are physically well and to permit collection of important evidence in the event you may later wish to take legal action.
- **Contact TCAT-M .**
- **Talk with an advocate or a counselor** who will maintain confidentiality, help explain your options, give you information, and provide emotional support.
- **Contact someone you trust** to be with you and support you.

Past Abuse

Many individuals experience sexual assault and never tell anyone about it at the time of the incident. If you were victimized weeks or years ago, assistance is still available to you. Talking with someone now may help you cope better with abuse from the past, whether it was rape, child sexual abuse, incest, or sexual harassment.

As a victim of sexual assault, you are encouraged to report the assault and seek medical treatment. You may report this crime by calling at 911 (if you are on campus report to Sr. administration) or the Murfreesboro Police Department. You may request assistance in reporting the crime by contacting the office in Student Services or Administration. It is important to report the assault so that evidence may be preserved to provide proof of criminal sexual assault if and when the victim chooses to make a criminal complaint.

Complaints of alleged sexual assault may be made to any College administration personel, or to the Title IX Coordinator, Judy HenegaValerie Scollon.

Option to Notify Appropriate Law Enforcement

Alcohol and Drugs

A. A policy regarding the possession, use and sale of alcoholic beverages and enforcement of state underage drinking laws:

The following information is presented in compliance with the Drug-Free Schools and Communities Act Amendment of 1989:

TCAT-M prohibits the possession, use, or distribution of illegal drugs and alcohol on the campus proper or on institutionally owned, leased, or otherwise controlled property. Various federal and state statutes make it unlawful to manufacture, distribute, dispense, deliver, or sell or possess with intent to manufacture, distribute, dispense, deliver, or sell controlled substances. The penalty imposed depends upon many factors which include the type and amount of controlled substance involved, the number of prior offenses, if any, and whether any other crimes were committed in connection with the use of the controlled substance. Possible sanctions include incarceration up to and including life imprisonment and imposition of substantial monetary fines. Tennessee statutes provide that it is unlawful for any person under the age of twenty-one (21) to buy, possess, transport (unless in the course of employment), or consume alcoholic beverages, wine, or beer, such offense being classified a Class A misdemeanor punishable by imprisonment for not more than 11 months, 29 days or a fine of not more than \$2,500 or both. The receipt, possession, or transportation of alcoholic beverages without the required revenue stamp is also a misdemeanor punishable by imprisonment of not more than thirty (30) days or a fine of not more than \$50 or both.

TCAT-M does not currently provide drug/alcohol counseling, treatment, or rehabilitation programs for students. Referral to community treatment facilities may be made in appropriate cases.

TCAT-M will impose sanctions against individuals who are determined to have violated rules prohibiting the use, possession, or distribution of illegal drugs or alcohol.

Sanctions for students using or possessing illegal drugs or alcohol include disciplinary probation and, in appropriate cases, suspension from the College. Referral for criminal prosecution may be made in appropriate cases. Individuals involved in the sale or distribution of illegal drugs will be suspended from the College and referred to the appropriate authorities for criminal prosecution. All employees, including students, agree as a condition of employment to abide by this policy. Sanctions against employees for use or possession of illegal drugs or alcohol in the workplace include termination of employment. Additionally, employees are required to notify the institution of any drug convictions resulting from a violation in the workplace no later than five days after the conviction.
