Mission Statement

The Tennessee Colleges of Applied Technology are the premier providers of workforce development in the state of Tennessee. The colleges fulfill their mission by:

- Providing competency-based training through traditional and distance-learning instruction.
- Contributing to the economic and community development of the state by training and retraining employed workers.
- Ensuring that programs and services are economical and accessible to all Tennessee residents.
- Building relationships of trust with community, business and industry leaders to supply highly skilled workers in areas of need.

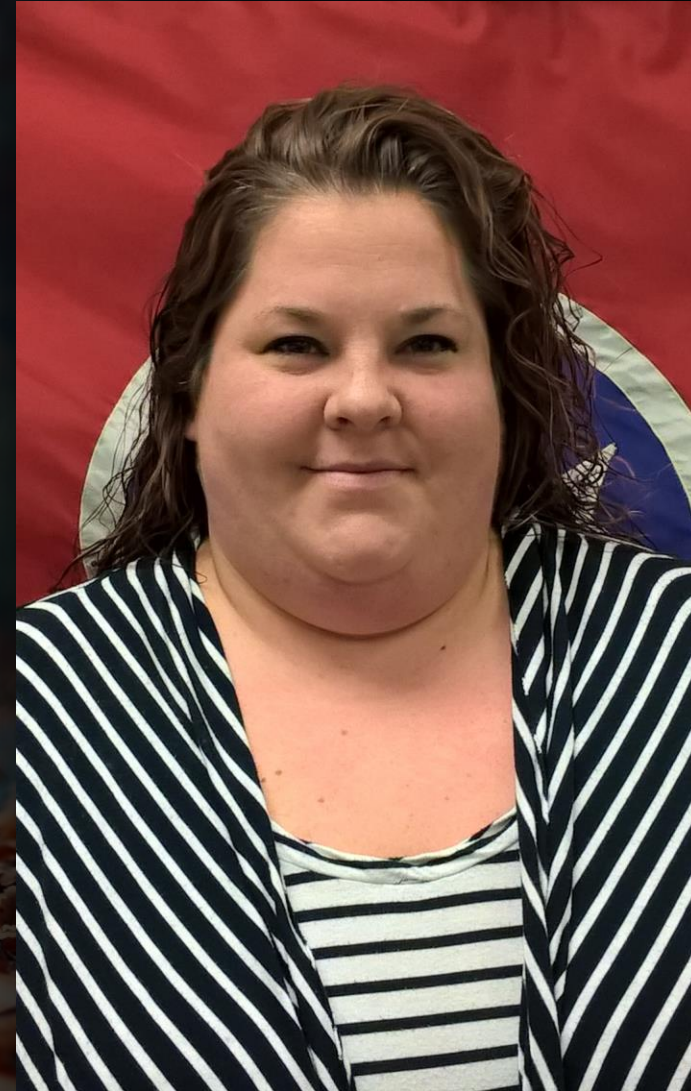

“To those of you who received honors, awards and distinctions, I say well done. And to the C students, I say you too may one day be President of the United States.”

- George W. Bush
