Pre-Register Process

The Tennessee College of Applied Technology - Murfreesboro's Allied Health programs incorporate the HESI exam by Elsevier as an entrance exam. In order to be selected to enroll for the **Dental Assisting, Central Sterile Processing Technician, Surgical Technology, or Practical Nursing** program as a student, you must take and pass the HESI entrance exam. There are two types of exams that we offer depending on what class you are looking to enroll in:

- **HP Admission Assessment (A2):**
Dental Assisting and Central Sterile Processing Technician
- **PN Admissions Assessment with Critical Thinking (A2):**
Surgical Technology and Practical Nursing

NOTE: We cannot transfer your scores from one test to another or give you a test you did not pay for. If you'd like to test for another class that requires a different test, you must pay for the full test again. Partial tests are unavailable for these exams. If you would like to test a specific section of the exam, you must pay for the full exam.

How to Schedule Your Exam

Scheduling is completed on a first come, first served basis. To schedule a HESI exam, call Cindy Knierim at **615-898-8010 Ext. 129**. The max capacity of the Murfreesboro Campus Tech Foundations room is 20, however, due to safety concerns, this limit may be significantly lowered. If the max capacity is reached for a date and time, you will be unable to test that day and be asked to reschedule.
