OF APPLIED TECHNOLOGY
—MURFREESBORO—

FALL 2016 GRADUATION

TCAT – MURFREESBORO MISSION STATEMENT

The Tennessee Colleges of Applied Technology are the premier providers of workforce development in the state of Tennessee. The colleges fulfill their mission by:

- Providing competency-based training through traditional and distance-learning instruction.
- Contributing to the economic and community development of the state by training and retraining employed workers.
- Ensuring that programs and services are economical and accessible to all Tennessee residents.
- Building relationships of trust with community, business and industry leaders to supply highly skilled workers in areas of need.

The background of the image is a solid orange color. Overlaid on this background are the silhouettes of several graduates wearing caps and gowns. The silhouettes are dark and positioned in the upper and lower portions of the frame, creating a sense of a graduation ceremony. The text is centered in the middle of the image.

Do not wait; the time will never be 'just right.' Start where you stand, and work with whatever tools you may have at your command, and better tools will be found as you go along.
