

TENNESSEE COLLEGE
OF APPLIED TECHNOLOGY
— MURFREESBORO —

SUMMER 2016 GRADUATION

TCAT – MURFREESBORO

MISSION STATEMENT

The Tennessee Colleges of Applied Technology are the premier providers of workforce development in the state of Tennessee. The colleges fulfill their mission by:

- Providing competency-based training through traditional and distance-learning instruction.
- Contributing to the economic and community development of the state by training and retraining employed workers.
- Ensuring that programs and services are economical and accessible to all Tennessee residents.
- Building relationships of trust with community, business and industry leaders to supply highly skilled workers in areas of need.

The background of the image is a dark blue gradient with a fine, light-colored grid pattern. Overlaid on this are the silhouettes of four graduates wearing academic caps and gowns. They are positioned in a row, facing right, with their heads slightly tilted. The silhouettes are dark and blend into the background, creating a subtle, thematic backdrop for the text.

Do not wait; the time will never be 'just right.' Start where you stand, and work with whatever tools you may have at your command, and better tools will be found as you go along.

– *George Herbert*
