

Construction & Electrical Career Training

Spring 2027

Course Description

The Construction and Electrical Career Training Program aims to equip students with foundational construction and electrical skills, certifications, and workforce preparation to enter and excel in the construction industry. Through comprehensive training, participants will gain the necessary knowledge and credentials to secure high-demand jobs. Certifications will include OSHA 30 Construction, NCCER Core, NCCER Electrical Level 1, and SkillsUSA Career Essentials. This program is in partnership with the Lennar Foundation. Students will be able to attend this program without tuition and fee costs.

Construction and Electrical Career Training is a Workforce & Skills certificate course.

Workforce & Skills courses are not eligible for federal/state financial aid.

\$Cost\$

Due to the partnership with the Lennar Foundation, this is a no-charge course.

Application Deadline = To Be Scheduled
