Kourtney Sinor, Silver Medalist in Technical Computer Applications

James Graves, Bronze Medalist in Mechatronics

National Technical Honor Society is an organization that honors students for achievement and success in technical education and who have been recommended for membership in the National Technical Honor Society. This honor is bestowed upon those students who are committed to excellence, values, courage, and achievement.

All graduates are members of the Tennessee Post-Secondary SkillsUSA. SkillsUSA is a partnership of students, teachers and industry representatives, working together to ensure America has a skilled workforce. SkillsUSA helps each student to excel. SkillsUSA is a national organization serving teachers and high school and college students who are preparing for careers in technical, skilled and service occupations, including health occupations and for further education. SkillsUSA was formally known as VICA (the Vocational Industrial Clubs of America).

### Mission and Purpose

The mission of the Tennessee College of Applied Technology - Murfreesboro is to continue to be the Center for workforce development by providing the best in technical education through traditional and distance instructional delivery systems to the community for professional and personal advancement.

The purpose of the Tennessee College of Applied Technology - Murfreesboro is to offer quality instruction to individuals to develop them for employment and/or advancement in existing or potential occupations.

Development of specific skills and knowledge for a student to build a successful career. Desirable worker characteristics are also emphasized to develop character, good work habits, reliability, honesty, and respect for authority, all of which are needed for a productive society.
